

# ALGIZID-FUNGIZID- ADDITIV

Pastenförmiges Biozid zur nachträglichen Ausrüstung von  
Aussendispersionen gegen Pilz- und Algenbefall

Technical information Version  
(1.0) 02/26

Als Filmkonservierungsmittel gegen Pilz- und Algenbefall in  
Aussendispersionen im Fassadenbereich.

## Beschreibung

Areas of application Als Filmkonservierungsmittel gegen Pilz- und Algenbefall in Aussendispersionen im Fassadenbereich.

## Core data

|                       |  |
|-----------------------|--|
| Density               | Approx. 1.1 kg/l   |
| Shades (stock shades) | Colourless   |
| Storage life          | Store in tightly closed original container for 1 year at 5 - 25°C. |

## Substrate / Processing

Application Einarbeitung:  
Mit Schnellrührer intensiv in Dispersion einarbeiten. Algizid/Fungizid-Additiv vor Zugabe eventuell mit wenig Wasser verdünnen. 250g Additiv sind ausreichend für ein Gebinde von ca. 20 kg Aussendispersion.

## Information

|                     |  |
|---------------------|--|
| Hazard warnings     | For further information see the corresponding EU safety data sheet.  |
| Further information | The SMGV information sheets and the FSO guidelines must be observed. |
| Important           | Nicht geeignet für den Innenbereich                                  |

## Quality and environment

swiss  quality

Dold AG was founded on August 01, 1921 by Hans Dold in Wallisellen. Until Dold is still located at the same site and is one of the leading paint and varnish manufacturers in paint manufacturers in Switzerland. In Wallisellen, Dold AG develops and manufactures its innovative range of paints and varnishes for the construction painter as well as for industrial customers.

Swiss paint and varnish factory certified according to ISO 9001 / 14001 / 45001. Dold AG is one of the few one of the few paint and varnish factories which not only has its quality management, management, but also its environmental management system, as well as the occupational safety and health protection processes have been certified. These certifications are a clear commitment for Dold AG towards all its commitment to all its stakeholders.

Environmentally friendly products are a concern for DOLD. The foundation KMU Klima confirms Dold AG's contribution to voluntary climate protection. For this concern all direct emissions of CO<sub>2</sub> in form of electricity, heating and mobility are compensated by DOLD to a reforestation project in Uruguay. This is a long-term contribution to climate protection and for the sake of the environment.

The above information is for general guidance only. The working conditions beyond our control and the large number of different substrates mean that no claims can be made on the basis of this information. In case of doubt, we recommend that you carry out sufficient tests yourself. A guarantee can only be given for the consistently high quality of our products. All previous editions of this data sheet hereby lose their validity.
