House of REN

Fast, efficient and reliable – these are the qualities that set our Doco-Spray product apart. And they proved essential during the demanding renovation work at the Asian restaurant House of REN in Zurich.

Facts

Area	Painters / Decorators
Location	8004 Zürich
Year of construction	2023
Endclient	Restaurant House of REN

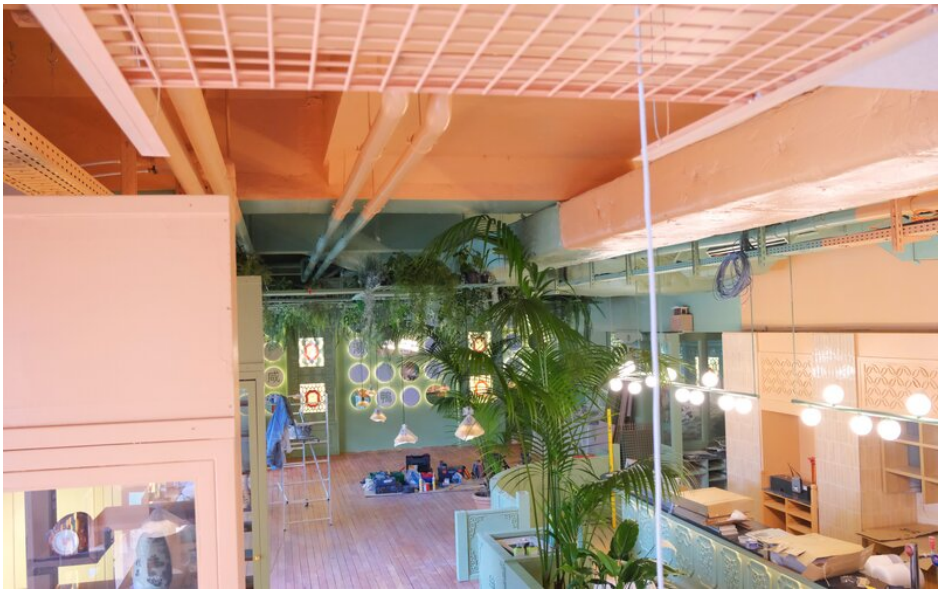

Project details

The restaurant redesign involved a wide range of substrates, including metal, wood, plastic and plasterboard. The real challenge was to achieve a robust, silk matt finish that can withstand cleaning agents – in the colours terracotta (NCS S 2030-Y40R) and natural green (NCS S 3020-G30Y). Thanks to **Doco-Spray's** quick drying time and exceptional durability, the coating work was completed successfully within a tight time frame – over the course of just two weekends.

You can read more about this project here or in issue 5/23 of applica.
